AVINKUMAR SUBBURAM

Software Developer | Full Stack Developer

Coimbatore, Tamil Nadu, India | +91 93453 06018 | avinkumarsubburam09@gmail.com

Portfolio: avinkumar.vercel.app | LinkedIn: avinkumarsubburam-s

Professional Summary

Software Developer with hands-on experience building enterprise web applications using **React.js, Next.js, ASP.NET Core, REST APIs, SQL Server, and PostgreSQL**. Experienced in frontend and backend development, API integration, database-driven workflows, debugging, and production support. Strong focus on clean code, application performance, responsive UI/UX, and maintainable software solutions.

Technical Skills

Languages: C#, JavaScript, SQL, HTML5, CSS3

Frontend: React.js, Next.js, Bootstrap 5, Responsive Web Design, UI/UX

Backend: ASP.NET Core, ASP.NET MVC Core, ASP.NET Core Web API, RESTful APIs, Microservices

Databases: SQL Server, PostgreSQL, MySQL

Development Tools: Visual Studio, Visual Studio Code, SQL Server Management Studio (SSMS), Git

Concepts: CRUD Operations, REST API Integration, Responsive Design, Authentication, Role-Based Access Control, Database Design, Query Optimization, Debugging, Performance Optimization

Professional Experience

Vaanam Technologies Coimbatore, India

Software Developer *Apr 2025 – Present*

- Develop and maintain enterprise web applications using **React.js, ASP.NET Core, REST APIs, SQL Server, and PostgreSQL**.
- Build responsive frontend components and integrate them with scalable backend services and APIs to support business workflows.
- Develop and maintain backend functionality using ASP.NET Core, including business logic, API endpoints, database operations, and application integrations.
- Work with SQL Server and PostgreSQL for CRUD operations, data retrieval, query optimization, and application data management.
- Support application debugging, issue resolution, performance improvements, and responsive UI/UX enhancements.
- Contribute to enterprise applications used in real-world business environments, including development, debugging, defect resolution, database verification, and QA/UAT/Production deployment support.

YASH Technology Hyderabad, India – Remote

Software Development Intern *Dec 2024 – Mar 2025*

- Developed an **Admin Module using ASP.NET MVC Core** to support application administration and CRUD operations.
- Integrated the application with **SQL Server** for structured data storage, retrieval, and database operations.
- Worked with ASP.NET MVC Core architecture, conditional logic, database connectivity, and backend application development.

Projects

SMIL-e / EMC Lab Management System ASP.NET MVC Core | SSMS

- Contributed to **SMIL-e**, a large-scale enterprise laboratory management application used across Bosch operations in **Coimbatore and Bengaluru**.
- Developed and maintained application modules and business workflows using **ASP.NET MVC Core**, supporting laboratory and project management operations.
- Worked extensively with **SQL Server and SQL Server Management Studio (SSMS)** for data retrieval, CRUD operations, production data verification, and database-driven workflows.
- Supported enterprise workflows including project processing, test-related modules, reporting, role-based functionality, email notifications, and production issue resolution.
- Participated in debugging, defect fixes, testing, and deployment support across **QA, UAT, and Production** environments.

Enterprise CRM Solution Next.js | ASP.NET Core Web API | PostgreSQL

- Contributed as a **Core Feature Developer** to an enterprise CRM platform supporting large-scale business operations, events, customer workflows, and payment processing.
- Developed application features using **Next.js and ASP.NET Core Web API**, including dynamic form workflows and frontend-backend integrations.
- Integrated secure payment functionality and worked with optimized PostgreSQL queries to improve scalability and application performance.

Marketing CMS Platform Next.js | Strapi CMS | REST APIs

- Worked as a **Full Stack Developer** on a modern marketing platform using Next.js and Strapi headless CMS.
- Built SEO-focused marketing pages and integrated REST APIs for real-time lead capture and application communication.
- Improved the content publishing workflow, reducing content deployment time by approximately **60%**.

Cara E-Commerce Website HTML5 | CSS3 | Bootstrap 5

- Developed a responsive clothing-focused e-commerce website with login, home, about, and product category pages.
- Implemented mobile-friendly layouts using HTML5, CSS3, and Bootstrap 5.

Education

Karpagam College of Engineering Coimbatore, India
Master of Computer Applications *2023 – 2025*

Sri Ramakrishna College of Arts & Science Coimbatore, India
Bachelor of Science in Computer Science *2020 – 2023*

Certifications

Microsoft Certified: SQL AI Developer Associate: Microsoft; Earned Oct 3, 2026; Credential ID: `ED1F8DD34F1CC091`; Certification No: `C1XAE6-9A5FB3`.

Artificial Intelligence Specialization – IBM: Completed as part of B.Sc. Computer Science in association with IBM; IBM Registration No: `KA2D23061543/03`; Tools: Cognos BI, Cognos Insight, IBM SPSS, and Watson.

Full Stack Web Development Certification: Edureka; Certificate ID: `BKG3SJ8NY`; Completed Nov 18, 2025; focused on full-stack web application development.

Responsive Web Design Certification: Completed 100 hours of training covering HTML, CSS, JavaScript, Bootstrap, responsive layouts, and mobile-friendly web development.
